Attorney Love will prepare the deed so that the contractors can start on this project. The City of Sanford will get the deed signed. The second entry point will benefit both parties. The second line will turn over water in the line and keep it constantly moving. That will prevent flushing the line and losing water. The Town will now be getting water from two

lines. Mayor Andrews reminded everyone that chlorine will be added back to the water the first of April.

Mayor Andrews advised the Town Board to read the Evergreen Report posted on line. The report suggests how to maximize the money for the county not for the other governments. The Mayor and Town Manager have discussed the re-distribution of sales tax with all seven county commissioners. They are aware it would cost the Town \$89,000-\$95,000. The County must notify the state by the end of April if they plan to re-distribute sales tax. Mayor Andrews encouraged the Town Board to discuss the sales tax re-distribution with any of the commissioners they may encounter.

With no further business to come before the Board, Mayor Pro Tem Beal made the motion to adjourn the meeting. The motion was seconded by Commissioner Davis. Motion carried unanimously to adjourn.
